

Lydiate Learning Trust Gender Pay Gap Report 2022

Lydiate Learning Trust is required by law to carry out Gender Pay Reporting under the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017. The overall gender pay gap is defined as the difference between the mean (average) or median (actual midpoint) hourly rate of pay of male and female employees.

At the snapshot date of 31st March 2022, the Trust has 333 employees who count as full pay relevant employees (the definition used for reporting gender pay). There are 246 females (74%) and 87 males (26%).

The results of the statutory calculations are:

2. Median Pay Gap

Supporting Statement

Lydiate Learning Trust is committed to the promotion of equality of opportunity and choice for employees and supports the fair treatment of all staff irrespective of gender through our transparent recruitment processes, pay policy and professional development.

All our posts are aligned to nationally agreed pay scales and our male and female staff are paid within the same pay band for the same job role.

The Gender Pay Gap is a high level, non-adjusted indicator of male and female earnings which is affected by workforce distribution and workforce make-up. The overall gender pay gap therefore reflects workforce composition rather than pay inequalities.

I can confirm that the above information has been prepared from our payroll data on the snapshot date and fairly presents the Gender Pay Gap information for Lydiate Learning Trust.
