Role & Remit of Link Governors (LLT)

WHAT IS A LINK GOVERNOR?

A link governor is a governor appointed by the governing committee to a specific area of the school. Lydiate Learning Trust insist on link governors for the key areas of **Safeguarding**, **SEN** and **Disadvantaged** but they also like to see link governors for other key challenges the school may have. Equally safeguarding and SEN may be allocated to the same person. Please note, the Chair often takes the role of Leadership & Management Link Governor as they already meet with the Headteacher regularly.

Link governors must understand that their role is a source of support and challenge to the school and a source of information for the governing committee. The development of a good working relationship based on mutual trust with all staff is essential if the link governor is to be effective in the role. Effective communication is vital to success.

EXAMPLE JOB DESCRIPTION FOR LINK GOVERNORS

NB: the key source of information to use as a benchmark of best practice is seen in the “School Inspection Handbook” on www.ofsted.gov.uk This serves as a reference document for the role of link governor.

LINK GOVERNOR/LEADERSHIP & MANAGEMENT

The leadership and management judgement is about how leaders, managers and those responsible for governance ensure that the education that the school provides has a positive impact on all its students. It focuses on the areas where inspection and research indicate that leaders and managers can have the strongest effect on the quality of the education provided by the school.

Important points to discuss:

- Leaders' high expectations of all students in the school, and the extent to which these are embodied in leaders' and staff's day-to-day interactions with students. Ask how vision/ambition is demonstrated.
- The extent to which leaders focus their attention on the education provided by the school. There are many demands on leaders, but a greater focus on this area is associated with better outcomes for students. Ask for work and what impact is shown.
- Whether continuing professional development for teachers and staff is aligned with the curriculum, and the extent to which this develops teachers' content knowledge and teaching content knowledge over time, so that they are able to deliver better teaching for students. Ask for plans and the impact of them.
- The extent to which leaders create coherence and consistency across the school so that students benefit from effective teaching and consistent expectations, wherever they are in the school. Ask how this is seen.
- Whether leaders seek to engage parents and their community thoughtfully and positively in a way that supports students' education. Also, whether leaders are thoughtful in

drawing boundaries and resisting inappropriate attempts to influence what is taught and the day-to-day life of the school. Ask for evidence of feedback.

- The extent to which leaders take into account the workload and well-being of their staff, while also developing and strengthening the quality of the workforce. Ask for examples.
- The extent to which leaders' and managers' high ambitions are for all students, including those who are harder to reach. This includes ensuring that practices such as 'off-rolling' do not take place and that the way the school uses the student premium is founded on good evidence. Ask about off-rolling and how alternative education is monitored.
- Whether leaders and those responsible for governance all understand their respective roles and perform these in a way that enhances the effectiveness of the school.
- Meet other staff e.g. SENCO and TA's – ask them about their role and the impact they are having.

LINK GOVERNOR FOR QUALITY OF EDUCATION

The school curriculum

- Skills and knowledge development.
- Preparing for later life.
- How is it sequenced and why?
- Local context.
- EBacc/high academic/vocational/technical.
- Ensuring SEND students do not receive a reduced curriculum.

Teaching & Learning

- Do teachers have expert knowledge or supported to address gaps?
- How is T&L supported e.g. how are teachers supporting students to commit what is required to long-term memory?
- How is assessment planned?
- Review data/exam data.
- Talk to children following the curriculum.
- Ask to see quality schemes of work.
- How are students prepared for next steps?
- What is the school reading strategy and what impact is it having?
