

<b>Suzanne Webb</b>	<b>Director</b>
---------------------	-----------------

Suzanne has been an educator for over 30 years working in the Primary sector. She has worked throughout the North West, her career starting in Wigan as a KS 2 teacher before moving to Lancashire in a very small, rural school close to her home.

In 2012 she moved to Sefton and became the head of St John's CE in Waterloo, and then took on her second headship in 2015 at her current school, Redgate Primary in Formby.

Suzanne is passionate about inclusion for all and 5 years ago opened a special needs unit within her current school, for 42 children. She has been the Vice Chair of Governors at a local primary referral unit for the last 4 years and thoroughly enjoys supporting other settings, watching them grow and flourish.

For the last 8 years she has worked closely with LLT AMP SCITT, training future teachers and in October 2023 was delighted to join their governing body.

Suzanne works closely with Sefton Heads and the Local Authority as a professional partner, through this role she supported new Heads and schools who require a support package to improve provision within their school.

When not at school she loves to travel with her husband as often as possible to sunnier climes and spend time with her 4 grown up children and 2 beautiful grandchildren.
